Presentations by Dr. Henri Perrin (top left, LIST Composite), Peter Pirklbauer (top right, AIRBUS), Kai Kisseberth und Dr. Stefan Herrmann (center top and middle, csi entwicklungstechnik), Gilles Pommatau (bottom left, Thales) Vahid Joroughi (bottom right, Gomspace) und Jean-Pierre Choffray (bottom right., SES) folgten.

LIGHTWEIGHT SYMPOSIUM on 07.02.2020 in Mondorf: *WINNING STRATEGIES IN INNOVATIVE LIGHTWEIGHT DESIGN*

Fotos: Rainer Hofmann Photodesign

With more than 70 participants from seven European nations, they were all focused on energy and resource efficiency, environmental and climate protection, intelligent lightweight construction and sustainability at the heart of the LIGHTWEIGHT SYMPOSIUMS 2020. Under the AMC mission statement "Together we are stronger and achieve more", many new impulses, ideas, innovations and initiatives were discussed.
